Customization

We offer free customization of the standard white text on any signage such as adding your business name or taglines. Font must remain white Arial text. Font size will be adjusted to fit the requested text. We do not provide graphic design services.

You can provide your own graphic customization for any signage such as adding your logo, fonts, text colors, layout, sizing, additional graphics, etc. Customization design is subject to our approval for acceptable use.

Your graphic designer must provide a **complete, finished, ready-to-print** file for each custom sign you plan to order.

If you would like to provide your own custom graphic design, please see our contact information below. We will send you a graphic requirements file outlining files sizes, types, etc. for each signage option which you can provide to your graphic designer.

Signage Ordering and Customization Procedures

1. Email your **final** artwork files to Labels@SpecialtyJava.com, separately if needed.
2. Depending on file size, you may need to use a Drop Box or Google account.
3. Include your Business/Organization name in the Subject Line
4. Identify the size, type and orientation of each custom signage.
5. Upon acceptance of your design, we will insert our high-resolution logo file into your file(s) for your final approve and to insure printing compatibility.
6. **Please allow 7 to 10 days for setup testing. This also includes any changed files you submit.**
